Oct. 6th Workshop at Woodcraft

Program

July Auction

Aug. 20 As seen on TV—Mark Dreyer

Sept. 17 Science of wood—Tod Brethauer

Oct. 15 Bandsaw Box- Larry Anderson

Nov. 19 Bowl from aa board—Al Miotke

Peter D'Attomo

From the President's Corner

We're half way into the 2018 and time is flying by. I'm deciding on what I intend to sell at the auction and what I'm looking for. We're only one tool away from greatness!

There will be coffee and doughnuts available so everyone can have a good breakfast and be awake.

We have locked in 97% of the meeting dates from July 2018 to June 2019. We're discussing on a few months in 2019 and the web calendar has been updated for what we have now.

At the June meeting, I updated the members on the delivery of the Beads of Courage boxes to Edwards hospital. Jerry Johnson, Bert LeLoup and myself handed them over to Melissa Slattery.

They were thrilled to have them as this was the first time such a donation was made.

7 of the 17 boxes will be given to cancer patients, while the balance may be given to mothers of premature babies in need s an object of hope. As of our meeting, there were 30 babies in need of medical treatment. I did ask the question whether the members would care to make another batch of boxes, and I saw about 16 hands go up. I'd like to shoot for 20 with delivery at the October general meeting. I will get more beads to attach to your boxes for the August meeting.

See you at the Auction!

Auction -- July 28, 2018

Jerry Johnson

Come and see what choice items you can acquire for your shop. There is usually a good collection of hand and power tools as well as items that fall into the supplies category.

Registration will begin at 8:00 am and the auction will start promptly at 9:00 am. You can bring items related to wood-working (used tools you no longer want, a piece of maple that didn't fit into your last project, etc.) or you can just come to bid. It is suggested that small items be bundled as one lot. This year we will sell six items for each seller and then move to the next seller. This allows all sellers a chance to have six of the items offered for sale before

interest starts to wane and money start to dwindle. Sellers will be able to prioritize the order of sale. There will be more rounds following the first one so you can bring more than six items to sell. See the following rules for more information on the process.

DuPage Woodworkers' Club Auction Procedures and Rules – 2018

1. Each member will be assigned a number upon arrival. (A person must be on the club membership list as of July 1) Numbers will start 1, 2, 3, with the club being assigned number 1. The auctioneer will be assigned number 2. Non-DPWW club members will be assigned consecutive numbers starting with 101, 102.... A bidding card with that number will be given to the participant. Each item brought for sale will be labeled with the seller's corresponding number and placed on the auction table in that order. It is recommended that small items be bundled as one lot. Sellers should indicate the order in which the items are offered for sale by placing a sticker on the item and marking it with their buyer number and a priority letter; e.g., 1a, 1b, 1c...

2. Selling will begin with number 1 and proceed in numerical order. Up to six of the seller's items will be sold before moving to the next seller. The auctioneer will move from one seller to the next until all sellers have completed one round of sales 1 through 1xx. The auctioneer will then start round two in the same order. This process will continue until all items are sold or we run out of time. Multiple identical items sold for the same price without reopening the bidding will only count as one item.

3. EVERY participant with a number, even NON-BUYERS, MUST stop at the bookkeeper table when leaving the auction to make sure that no item was erroneously entered for that "buyer."

4. At the end of the auction, buyers will present their number to the bookkeeper, who will retrieve the buyer slips and ask the buyer to verify the purchases. To facilitate this it is strongly recommended the buyer enter the items as they are purchased on the back of the bidder card. The buyer will pay in cash the amount due. (Personal checks of members will be accepted but are discouraged. NO credit cards.)

Rules:

- Items must be of a woodworking nature.
- No side sales will be allowed. Items brought to the sale will be auctioned.
- All items are guaranteed by the seller to be in working order unless specified, "As is."
- Sellers have the right to bid on their items to protect the selling price.
- No large quantities of lumber. (Stock must be reduced in size so one person can carry it.)
- Cash is the method of payment.

A 10% selling fee will be charged on items sold for non-members (rounded to the nearest dollar.)

- Once an item is sold, the buyer is responsible for that item.
- All buyers and sellers must register and have a buyer's number to participate.
- If a seller must leave before the auction ends, the club will issue a check later for the seller's proceeds.
- At the end of the auction it is the responsibility of each seller to remove all of his or her unsold items.
- This is meant to be a fun event. Common sense will prevail.

Mike Kalscheur

Membership

Three new member have joined the Club since last month.

Please welcome Mark Osgood from Burr Ridge. Mark was the featured Program presenter at the June meeting. His expertise at building wooden bicycle frames and other wooden cycling

accessories may inspire a few other members.

Also please welcome Todd Doerpinghaus from Palatine. Todd learned about the Club from another member and is a beginner at woodworking. Beginning woodworkers have a wealth of knowledge to tap in this club.

Also please welcome Brian McLaughlin from LaGrange Park. He learned about the Club from his Dad's friend. Brian has done some case work in the past.

Coffee Makers

Gotta have coffee at the meetings! Thanks to those who pitched in at the Last meeting

Anyone is welcome to make coffee. Just arrive a little after 6:00 and join the fun with others preparing coffee, cookies, and cleanup after

June Program

Mark Osgood an advanced woodworker and an avid bicyclist gave the presentation. Mark brought out 2 of his custom made bikes. These custom bicycles are made mostly of wood. And accessories. He uses some clever laminating techniques to form his sculpted frames, makes his own wooden wheel rims, and even a wood bottle cage. The bikes were really beautiful, as you can see in these pictures.

TOYS

George Rodgers

A toy making workshop will be held on Saturday, Oct 6, 2018 at the Woodcraft Store in Woodridge, IL. We will start at 9am. More details to follow as the date nears.

June Raffle Winners

JUNE ACTIVITY

More Chances to Sell on Though Our Website

The "Classifieds" section of our website, where people can buy and sell wood and woodworking tools, has become popular with our members. I'm always glad when someone finds something in the classifieds that they like enough to buy. Sometimes, however, an item doesn't sell. It may be because not enough people have had the chance to see the item.

We've worked out an agreement with the FVWWC (Fox Valley Woodworking Club) that I hope will make for sale items visible to more people. Our agreement is that five days after we send an email to our members about a new item, we will send that same email to be distributed to members of the FVWWC. Those five days will give our members a head start if there is an item they want to buy. After that, FVWWC members will also know about the item. We hope that this will give sellers a better chance of making a sale.

Our agreement will work the same way from the perspective of the FVWWC. Five days after they notify their members of a new item for sale on their website, we will get a chance to notify our members that a new item is for sale on their site. We hope that will benefit our members as well as those selling an item on the FVWWC website. Of course, if you are a member of both clubs you will get a head start on everything.

Items for Sale at Auction

Jerry says that the following items will be offered for sale at the July 28, 018 auction. This is just a small sample of items that will be offered –some smaller, some larger. We usually sell over 100 items at great prices. Hope to see you there.

- Delta Bench Grinder – ¼ hp, 3500rpm*
- No. 4 Record Bench Plane (new in box)*
- Backsaw – rosewood with brass back*
- New carbide tipped saw blades*
 - Bosch 10 inch 80 tooth fine cut*
 - Vermont-American 10 inch 40 tooth combination*
- 8 ¼ inch Skill blades, 24 tooth*
- Boxes of turning blanks – non-domestic species*

Our June activity was at Wehrli Furniture restorers. They specialize in refinishing furniture. Eight members of the club visited the site. Lots of different projects were being in different stages of being re-born. The company is recycling oak from a 1800's house to make tables.

Jim Harvey

Logo Clothing

Caps are \$18 and polo shirts are \$22. We now have long sleeve Tee shirts.

BEADS OF COURAGE

As mentioned in the Presidents report, Page 1. 17 boxes were delivered to Edwards Hospital. Seven will be given to cancer patients, while the balance may be given to mothers of premature babies in need of an object of hope. .

At our June meeting our President, asked members to make a quantity of boxes again. These will be picked up at the October meeting for distribution at the Hospital.

This is for a good cause and also many members can find a good place for one of their creations. I know, I have lots of items just collecting dust in my home. Below are some of the pictures from our morning at the Hospital..

One of the boxes of different beads for the Children

Melissa Slattery with the 17 donated Boxes

Bert and Jerry with Melissa
