

Safari and Farm Animals

Material: 3/4" poplar or pine

Finish: None, leave wood in natural state

1. Trace pattern to your 3/4" work piece. Keep in mind wood grain direction in small areas.
2. Minimum quantity for each piece is 10. If you do cut more pieces, keep the quantity in balance with each other.
3. Sand all sharp edges.
4. Be sure all animals have appropriate markings (eyes, mouth, and tails).

This animals will be bagged in sets. Completed animals will be collected at the October meeting so they can be packaged for delivery.

Thanks, and keep the chips and sawdust flying.
